

Reasons to love the COVID-19 Information Hub

Easily find the information you need to get back on the road!

NO LOG IN REQUIRED

need2know.tripsource.com is open to anyone looking for COVID-related travel information. We're all in this together.

BOOSTS TRAVEL CONFIDENCE

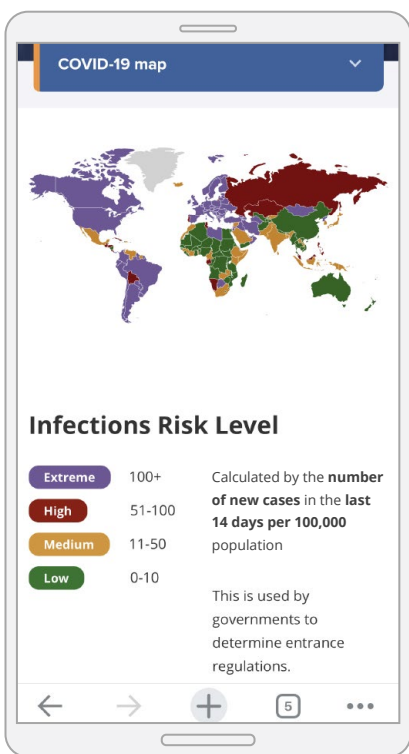

The Info Hub is constantly updated to keep up with the rapid pace of change. Country-level information is updated daily. Airports, airlines, hotel, car and rail are updated every three days. View the date the information was last updated at the top right of each card. Travel with confidence, knowing you have the most up-to-date information.

WHAT'S NEW

Check out the 'What's new' banner at the top of the Info Hub. There you'll find any critical information, as well as tips on new features and functionality.

AT A GLANCE

Use the 'at a glance' charts to easily compare airlines or hotels across key categories like health checks and cleaning policies.

COVID-19 RISK LEVEL MAP

View risk levels across the world on a color-coded map. By hovering over a country or state, you'll see the current number of active cases, quarantine and mask requirements, vaccination details and more.

WHAT YOU NEED TO KNOW

In this section of the site, you'll find the latest information on travel industry advances during COVID-19. Find articles on testing, digital health pass apps, airport technologies and other subjects that will help you prepare for your next trip.

REAL-TIME INFORMATION

In addition to searching at your convenience, we also send you exactly what you need when you need it. You'll receive messages via **push notification** as well as **in your trip timeline**

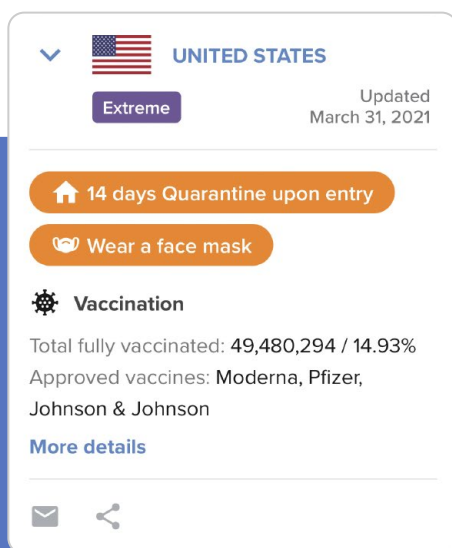

Tap to view COVID-19 guidelines in place on UA

with links into the Info Hub for your specific flight, airport and international destination. And because we provide direct links, it's all real-time information.

SHARING OPTIONS

Share card information in seconds using the email or share icon at the bottom of each country, state or 'What you need to know' card. There's no more cutting and pasting with the potential of the information being out of date right after hitting send. By sharing the URL, the info is always current.

VACCINATION DASHBOARD

In addition to seeing mask and quarantine requirements, you can also view vaccination details – including the total percentage of a country's population that's been fully vaccinated, as well as the approved vaccines.

AVAILABLE IN 13 LANGUAGES

Find the information you need in the language you speak. The Info Hub is now available in English, French, German, Italian, Norwegian, Swedish, Polish, Dutch, Russian, Spanish, Portuguese, Japanese and Chinese.
