

# Your safety is our number one priority.

TripSource® emergency response notifications help you stay in touch when it matters most.

Your safety on the road is our number one priority, and we take this responsibility very seriously. We're happy to announce that TripSource now keeps us updated in the event of a crisis with emergency response notifications.

If an incident occurs within 50 miles of your itinerary location that may cause major risk, injury or potential death, TripSource will send you an emergency response notification offering a quick and easy way for you to respond. Should you receive such a notification while traveling, simply:

1. Open the message.
2. Tap the "I'm Safe" button.
3. Review additional details regarding the incident.

TripSource will do the rest, updating us so we can take any necessary action.

This feature has been enabled for all of our travelers using TripSource; there's nothing you need to do. Review specifics details about emergency response notifications in our [user guide](#).
